Mazuri[®]
EXOTIC ANIMAL NUTRITION

Exceptional Nutrition for Exotic Pets

For 30 years, zoo professionals, veterinarians, breeders and exotic pet owners have trusted their animals to the exceptional nutrition of Mazuri® diets.

Experts in Exotic Animal Nutrition

Mazuri Exotic Animal Nutrition is a world leader in quality nutrition for virtually every living exotic animal. If it walks, crawls, flies or swims, we know how to feed it. Our Ph.D. nutritionists have years of research experience and practical knowledge of what each species eats in the wild, their unique feeding behaviors, and what nutrients their bodies need for proper growth and overall health.

Committed to Research-Driven Diets

Our name means “good” in Swahili, and we believe that good nutrition requires great scientific curiosity. Our nutritionists are constantly conducting research in collaboration with zoos, universities and breeders to gain new insight into exotic animal nutrition. Every formula we create is precisely calibrated to deliver balanced nutrition, helping nurture and sustain the world’s exotic animals and endangered species.

Total Manufacturing & Quality Control

All Mazuri® feeds are formulated with the highest-quality ingredients and the latest technology in our own manufacturing plants for increased control over the supply chain. Our main plant is a drug and hormone free manufacturing facility, holds the highest quality standards in Food Safety System Certification (FSSC 22000-certified) and meets all FDA requirements. Everything we produce is 100% satisfaction guaranteed when returned to an authorized retailer for a refund.

Protecting Earth's Habitat

Mazuri is committed to making our products in a responsible way that reduces our impact on the environment and animals' native habitat. We seek out sustainably-sourced ingredients like Menhaden fish meal and hold our suppliers to high standards of environmental responsibility.

Mazuri
EXOTIC ANIMAL NUTRITION

Small Animal

Each Small Animal diet is tailored to the animal's unique nutritional needs and feeding behavior. All our diets are pelleted or extruded to prevent selective eating, and are formulated with high-quality protein, fiber sources, vitamins and minerals to help ensure complete nutrition for growth, development and overall health.

Chinchilla Diet

For chinchillas of all life stages.

- Probiotics and multiple fiber sources, including Timothy hay, to support healthy digestion.
- Flaxseed provides Omega-3s to support healthy skin and coat.
- Natural vitamin E and stabilized vitamin C to support immune health.

Feed adult chinchillas approximately 2 tablespoons per day and provide unlimited grass or hay, with supplemental produce limited to less than 10% of the diet.

Item Number:	0052766	0001471
Formula Code:	5M01	5M01
Weight:	2.5 lb.	25 lb.
UPC:	727613010270	727613050016
Case UPC:	10727613010277	—
Units/Case:	6	—

Hedgehog Diet

Formulated for hedgehogs of all life stages.

- Fiber-rich and high-protein to meet recommendations for carnivores.
- Fish oil provides Omega-3s to support healthy skin and coat.
- Natural vitamin E and stabilized vitamin C help support immune health.

Feed pellets at least half of the animal's diet, up to 100% of total diet. Feed with gut-loaded insects, if desired.

Item Number:	3003417-745
Formula Code:	5M3D
Weight:	8 oz.
UPC:	804273046372
Case UPC:	10804273046379
Units/Case:	12

Ferret Diet

For ferrets of all life stages.

- Multiple protein sources with moderate starch level, tailored to carnivores.
- Nutritionally dense, extruded food that is easy to digest and helps reduce stool volume.
- Omega-3s from fish oil, probiotics and natural antioxidants to help support digestive and immune health.

Mazuri® Ferret Diet is formulated to make up 100% of the pet's total diet.

Item Number:	0060831	0001473
Formula Code:	5M08	5M08
Weight:	5 lb.	25 lb.
UPC:	727613014743	727613060145
Case UPC:	10727613004740	—
Units/Case:	6	—

Timothy-Based Guinea Pig Diet

Formulated for guinea pigs of all life stages.

- Timothy hay-based fiber-rich formula promotes natural chewing behavior.
- Contains stabilized vitamin C, an essential vitamin for guinea pigs.
- Omega-3s from flaxseed, along with natural vitamin E, for healthy skin, coat and immune system support.

Feed free choice to guinea pigs, along with plenty of fresh clean water. Supplemental food items may be provided, but should not make up more than 20% of the total diet. Feed with good quality hay or grass.

Item Number:	3002737-245	0001444
Formula Code:	5E6A	5664
Weight:	5 lb.	25 lb.
UPC:	727613010287	727613566432
Case UPC:	10727613010284	—
Units/Case:	6	—

Timothy-Based Rabbit Diet

For rabbits in all life stages.

- Timothy hay-based fiber-rich formula supports digestive health and balanced nutrition.
- Omega-3s from flaxseed, along with natural vitamin E, for healthy skin, coat and immune system support.
- 100% complete nutrition with no artificial flavors or colors, no supplementation needed.

Feed free choice, along with plenty of fresh clean water. Supplemental food items may be provided, but should not make up more than 10% of the total diet. Feed with good quality hay.

Item Number:	0039440	0043945
Formula Code:	5M15	530Q
Weight:	5 lb.	25 lb.
UPC:	727613006136	727613007195
Case UPC:	10 727613006133	—
Units/Case:	6	—

Rat & Mouse Diet

For breeding and non-breeding rats and mice.

- Nutritionally complete, vegetable-based formula in a large block shape to encourage chewing.
- Omega-3s from flaxseed, along with natural vitamin E, for healthy skin, coat and immune system support.
- Yucca shidigera extract helps reduce stool and urine odors.

Feed free choice, along with plenty of fresh clean water. Supplemental food items may be provided, but should not make up more than 20% of the total diet.

Item Number:	0052166	0001442
Formula Code:	5663	5663
Weight:	2 lb.	25 lb.
UPC:	727613010362	727613566333
Case UPC:	10727613010369	—

Mazuri
EXOTIC ANIMAL NUTRITION

Birds

Our portfolio of bird diets includes targeted products that help deliver balanced nutrition to a wide range of bird species, at every life stage. Each diet is designed to provide the particle size that best supports natural feeding and foraging behaviors.

Small Bird Maintenance Diet

For small psittacines like parakeets, and passerines such as finches, canaries and small songbirds. Not for young chicks – feed only after the first molt.

- Extruded formula is more easily digested than pellets and creates less waste than seeds.
- Omega-3s from flaxseed, along with antioxidants, for overall health.
- 100% complete nutrition with no artificial flavors, no supplementation needed.

Pellets should make up at least 80% of the bird's total diet. Can be fed with up to 20% produce or seeds, if desired for training or enrichment.

Item Number:	0054885	0001452
Formula Code:	56A6	56A6
Weight:	2.5 lb.	25 lb.
UPC:	727613010935	727613601928
Case UPC:	10727613010932	—
Units/Case:	6	—

Large Bird Maintenance Diet

For large psittacine like parrots and macaws. Not for young chicks – feed only after the first molt.

- Extruded food is more easily digested than pellets and creates less waste than seeds.
- Omega-3s from flaxseed, along with antioxidants, for overall health.
- 100% complete nutrition with no artificial flavors – no supplementation required.

Pellets should make up at least 80% of the bird's total diet. Can be fed with up to 20% produce or seeds, if desired for training or enrichment.

Item Number:	0054031	0001454
Formula Code:	56A8	56A8
Weight:	3 lb.	25 lb.
UPC:	727613010928	727613603618
Case UPC:	10727613010925	—
Units/Case:	6	—

AVAILABLE
OCTOBER
2019

Mini Bird Diet

For parakeets, finches, canaries and other small pet birds.

- Extruded, small particle size to prevent sorting of food.
- Consistent nutrition to support a healthy diet, as compared to seeds.
- Omega-3s from flaxseed, along with antioxidants for overall health.

Pellets should make up at least 80% of the bird's total diet. Can be fed with up to 20% produce or seeds, if desired for training or enrichment.

Item Number:	3003273-745
Formula Code:	562A
Weight:	2 lb.
UPC:	727613015084
Case UPC:	3003273-746
Units/Case:	6

Hand Feeding Formula

For young frugivorous and granivorous avian species from the day of hatch through weaning.

- Easy-to-mix formula designed to promote hydration in young birds.
- Natural source of vitamin E to support overall health.
- Probiotics help initiate gastrointestinal development for digestive health.

Feed from day of hatch through weaning, before transitioning to the appropriate Mazuri® adult bird diet.

Item Number:	1810955	1812788
Formula Code:	5TMX	5TMX
Weight:	2 kg canister	20 lb. bucket
UPC:	727613002060	727613008987

High-Energy Hand Feeding Formula

For young granivorous avian species with higher energy requirements, including macaws, eclectus and African psittacine species or iron-sensitive species.

- Easy-to-mix formula designed to promote hydration in young birds.
- High-energy and iron-controlled hand feeding formula.
- Probiotics help initiate gastrointestinal development for digestive health.

Feed from day of hatch through weaning, before transitioning to the appropriate Mazuri® adult bird diet.

Item Number:	1812403	1812812
Formula Code:	5D1W	5D1W
Weight:	2 kg canister	20 lb. bucket
UPC:	727613002084	727613008994

Waterfowl Maintenance Diet

For ornamental ducks, geese, swans, and other waterfowl.

- Balanced protein and energy supports health, vigor and optimal body condition.
- Extruded floating pellet limits waste and promotes natural feeding behavior.
- 100% complete nutrition with no artificial flavors or colors – no supplementation needed.

Feed should make up at least 80% of the bird's total diet. May be fed with supplemental food items at up to 20% of the diet.

Item Number:	0001435
Formula Code:	5642
Weight:	50 lb.
UPC:	727613564216

Reptile

The portfolio of Mazuri® reptile diets is designed to provide tailored nutrition that meets the unique needs of herbivores, insectivores and carnivores. Each formula contains a carefully balanced ratio of vitamins and essential nutrients that is calibrated to the needs of the species, in a product form that encourages natural feeding behavior. Together, this helps ensure that each reptile gets the nutrition they need for optimal growth and overall health.

Bearded Dragon Diet

For insectivorous reptiles such as bearded dragons, water dragons and geckos.

- High-protein formula includes taurine levels that meet recommendations for carnivores.
- Omega-3s from fish oil along with natural vitamin E support immune health.
- 100% complete nutrition with no artificial flavors.

Feed should make up at least 50% of the total diet. May be fed with supplemental food items at no more than 50% of the diet. For growing juveniles increase feed.

Item Number:	0052502
Formula Code:	5MKJ
Weight:	8 oz.
UPC:	727613010508
Case UPC:	107276130010505
Units/Case:	12

Aquatic Turtle Diet

For all life stages of freshwater turtles such as painted and red-eared turtles.

- Floating diet with fish and animal protein to meet carnivorous species' needs and encourage natural feeding.
- Antioxidants, vitamin E, and vitamin A to help support eye and skin health.
- 100% complete nutrition and no artificial flavors or colors, no supplementation needed.

Feed once a day, up to 3-5 times per week.

Item Number:	0052505	0047362
Formula Code:	5M87	5M87
Weight:	12 oz.	25 lb.
UPC:	727613010300	727613000646
Case UPC:	1072761301074	—
Units/Case:	6	—

Aquatic Turtle Gel

For aquatic turtles at all life stages.

- High-protein formula made with sustainable fish meals.
- Natural vitamin E, stabilized vitamin C and Omega-3s for skin and immune health support.
- Nutritionally complete – no vitamin or mineral supplementation needed.

Offer gel up to 50% of the turtle's diet. May feed with Mazuri® Aquatic Turtle pellets, vegetables or animal proteins.

Item Number:	3003209-145
Formula Code:	5M7N
Weight:	8 oz.
UPC:	72761314117

EXOTIC ANIMAL NUTRITION

Mini Pig

Mazuri® mini pig food is available in three varieties to provide targeted, balanced nutrition for any life stage or activity level. Each formula provides a nutritional profile to help support the overall health and wellness of miniature pigs such as the Vietnamese potbellied pig.

NEW
FORMULAS
AVAILABLE
OCTOBER
2019

Mini Pig Youth Diet

For mini pigs age 0-4 months.

- Contains high-quality milk protein to help transition weanlings.
- Balanced energy and amino acids to support healthy growth.
- Probiotics to support intestinal and immune health.

Offer free choice from 7 days post weaning until 1 week until 3 weeks of age or older. After 3 weeks feed 1.5-3% of body weight per day depending on activity level. Feed twice per day.

Item Number:	3005271-203
Formula Code:	5Z4A
Weight:	25 lb.
UPC:	727613014605

Mini Pig Active Adult Diet

For active and growing mini pigs, 4 months and older.

- Balanced fiber to support the unique needs of active mini pigs.
- Chelated minerals, biotin, niacin, omega-3 fatty acids and natural vitamin E for skin health support and optimal absorption.
- Probiotics to support intestinal and immune health.

Feed mini pigs between 1-2% of their body weight daily. The feeding amounts are guidelines and should be adjusted based on the mini pig's body condition, activity level, other foods offered, environmental temperatures and social structure. Feed twice per day.

Item Number:	3005272-203
Formula Code:	5Z4B
Weight:	25 lb.
UPC:	727613014568

Mini Pig Mature Maintenance Diet

For less active adult or mature mini pigs, 1.5 years and older.

- Oatmeal and flaxseed for sources of fiber to support healthy weight.
- Chelated minerals, biotin, niacin, omega-3 fatty acids and natural vitamin E for skin health support and optimal absorption.
- Probiotics to support intestinal and immune health.

Feed mini pigs between 1-2% of their body weight daily. The feeding amounts are guidelines and should be adjusted based on the mini pig's body condition, activity level, other foods offered, environmental temperatures and social structure. Feed twice per day.

Item Number:	3005274-203
Formula Code:	5Z4C
Weight:	25 lb.

Mazuri
EXOTIC ANIMAL NUTRITION

Koi

Our Bits, Nuggets and Ogata products are nutritionally balanced and sized to provide optimal nutrition for different-sized koi. Floating diet to aid in monitoring food intake and preventing over-feeding.

Koi Platinum Bits

Designed for koi smaller than six inches.

- Contains spirulina algae and carotenoids to support vibrant coloration.
- Floating particles contain wheat germ, favored by many koi feeders.
- Stabilized source of vitamin C improves water stability and may help with resistance to stress.

Feed 1–3 times per day and only as much as fish will readily consume in 5 minutes. Do not overfeed, as excess feed will decompose in the water resulting in poor water quality, which may be harmful to the health of your fish.

Item Number:	0001492
Formula Code:	5M81
Weight:	20 lb.
UPC:	727613050061

Koi Platinum Nuggets

Designed for koi larger than six inches.

- Contains spirulina algae and carotenoids to support vibrant coloration.
- Floating particles contain wheat germ, favored by many koi feeders.
- Stabilized source of vitamin C improves water stability and may help with resistance to stress.

Feed 1–3 times per day and only as much as fish will readily consume in 5 minutes. Do not overfeed, as excess feed will decompose in the water resulting in poor water quality, which may be harmful to the health of your fish.

Item Number:	0060818	0001491
Formula Code:	5EE4	5M80
Weight:	3.5 lb.	20 lb.
UPC:	727613004804	727613060077
Case UPC:	1072613004801	—
Units/Case:	6	—

Koi Platinum Ogata

Designed for koi larger than twelve inches.

- Contains spirulina algae and carotenoids to support vibrant coloration.
- Floating particles contain wheat germ, favored by many koi feeders.
- Stabilized source of vitamin C improves water stability and may help with resistance to stress.

Feed 1–3 times per day and only as much as fish will readily consume in 5 minutes. Do not overfeed, as excess feed will decompose in the water resulting in poor water quality, which may be harmful to the health of your fish.

Item Number:	0007687
